Finalised topic

I want to analyse the ratings for Animal Crossing by critics and users, and its sales in relation to that.

Data sources I have curated so far

Critic and User Reviews <https://www.kaggle.com/datasets/jessemostipak/animal-crossing/data?select=critic.csv>

Statista on unit sales until June 2023(<https://www.statista.com/statistics/1112631/animal-crossing-new-horizons-sales/>)

Villager popularity perhaps? <https://www.kaggle.com/datasets/ampiire/acnh-villager-popularity/code>
